Letter No 796/29-30 dated the 18th/24th August 1930 from the Tirupati Commissioner submitting proposals for revising the scale of income and expenditure of the Sri Srikanteswara Swamy temple at Nanjangud.

In Govt order No 379-81/Muzrai 79-80-2 dated the 30th July 1929 a scale of income and expenditure was fixed in respect of the Sri Srikanteswaraswami Temple at Nanjangud, and levy of Contribution towards the Muzrai Establishment Fund provisionally decided in respect of the institution on the ground that its financial condition could not bear the levy.

Now on account of the urgent need to effect many and certain capital works, such as the construction of new cars and installation of electric lights in connection with the annual

large sums of money had to be borrowed from the surplus funds of the Chamarajendra Wadiyar temple at Chamarajanagar and from the General Muzrai Fund, the former bearing interest and the latter free from interest. Both the loans have to be repaid in annual instalments. It has further been decided that this temple also should be required to contribute towards the Muzrai Establishment Fund like the other Muzrai institutions, and as the normal income of the temple has almost equal to the normal expenditure thereof, the Inspector has suggested to Government, for fixing the scale of income & expenditure of the temple, which is agreed to.

2. Revised statements of income and expenditure on the lines indicated in the notes are put up. From the income statement it will be seen that after making provision for the reduced income from the endowment of the late Mr. Havathur Srikantaiah and the lands in Tandya village, the gross receipt will come to Rs.34,000- 0- 0 a year. The expenditure as now proposed amounts to Rs.33,600-0-0, leaving only a sum of Rs.400-0-0 as reserve.

3. In the revision scheme now formulated provision has been made for the payment of instalments towards the loans of Rs.5000/- and Rs.10,000/- advanced from the General Muzrai Fund and the Sri Chamarajeswaraswami temple at Chamarajnagar, the former being free of interest and the latter ---- bearing 5% interest as already recommended.

As regards the further loan of Rs.4373/- --- sanctioned from the funds of the Chamarajnagar temple, I would suggest that as the loan is ---- apparently free of interest for reasons explained in para 2 of this office letter dated 29-9-31, the sum of Rs.3284-4-0 already paid may be adjusted -- towards this loan. The balance of Rs.1091-12-0 will be arranged to be paid from Nanjangud temple funds before the close of the year and the loan fully adjusted. An annual instalment of Rs.500/- together with proportionate interest in repayment of the other loan of Rs.10,000/- will be regularly paid from the year 1932-33. Similarly the loan advanced from the General Muzrai Fund will be

Serial No.

be repaid in five annual instalments of Rs.100 commencing fro 1931-32.

4. From the expenditure statement it will be seen that after providing for all necessary and unavoidable items of expenditure, only a meagre sum of Rs.400/- becomes available towards the Reserve Fund. Having regard to the importance of the temple and its various requirements both of a recurring and non-recurring nature, it may be safely said that the margin of reserve is very narrow and that in the interests of this premier institution a larger reserve to meet eventualities is necessary. As all possible sources of revenue have been tapped and as the expenditure has also been reduced to the minimum, the only source from which a larger amount can be saved to the temple is by reducing the contribution to the Muzrai Establishment Fund, as already recommended by Messrs P.G. D'Souza and S. P. Rajagopalachari. Till the loan advanced from the General Muzrai Fund is fully paid up, the prescribed amount, viz., Rs.850/- may be waived. The annual reserve will then be Rs.1500 which may be considered sufficient in the circumstances of the case.

The scale provides for Constables in Rs 13 to 15- Vide Budget of the Police dept (page 128 of Budget). It is perhaps on the score that the D.G.P. wants the pays of the Constables to be incremental & not fixed.

There is now a provision of Rs. 126/- pm in the scale of expenditure of the temple for 1 first class Duffedar on Rs. 24/- - 24
4 - do - Constables on - 15/- each - 60
3 second class - do - - 14/ each. - 42

If the suggestion of the D.G.P. is adopted the pays of the Constables will have to be fixed at ~~Rs 13 Rs 15~~ Rs. 13 - 15.

(The 13 Rs rate of pay will practically be, some what above)

If Constables on Rs. 13, 14 & 15 are appointed, there will be savings to the Temple.
But in the contingency of all the Constables being appointed on Rs. 15/- each the scale will be increased by Rs. 3/- (ie it will come to Rs. 129/pm)

The object of the D.G.P. is evidently that the men posted for work in the temple shd be interchangeable with the general Constabulary. By a suitable posting of Constables the men may be changed whenever required without the provision being exceeded.

65) Hence A provision of Rs 126/- p.m. or Rs 1512/- p.a. has been so far made in the G.O. of 12/5/32 whereas the details as furnished on page 4 of the said order against items 187 & 188 will do or whereas a rectification as in the tabular form at 64 is necessary is a matter perhaps to be ascertained from the D.G.P.

The D.G.P. in the P.W.D. proposes a sum of Rs 5/- p.a. towards equipment and clothing which has not been included so far in the statement of expenditure. —

To

Rajasevaparayana
B. Srinivasa Iyengar, Esq., B.A., B.L.,
Secretary to the Government of His
Highness the Maharaja of Mysore,
Financial Department.

SIR,

1) With reference to your letter No.1111/Muz.144-29-1 dated the 26th November 1929 calling for proposals for revising the scale of income and expenditure in the Sri Sreekanteswaraswami temple at -- Nanjangud, I have the honor to forward herewith copy of letter --- No.H.155/A.C. dated the 23rd May 1930 received from the Deputy Commissioner Mysore District together with its enclosures and to state as follows:-

2) The revision proposals submitted by the Deputy Commissioner consist of the following salient points.

3) The income of the institution which was Rs.28,208/- as per present scale is now calculated to be Rs.34057-11-0 showing an --- increase of about Rs.6000/-. The present scale of expenditure is Rs.31527 including a reserve of Rs.2616 for repairs which according to the revision proposals the expenditure side also will rise to -- Rs.34057/-. This will include Rs.2000/- per annum for the discharge of the loan of Rs.5000/- from the General Muzrai funds and Rs.12,873 from the Chamarajnagar temple funds.

The Deputy Commissioner states that with regard to the previous adjustment of the loan taken from the Chamarajnagar temple fund a sum of Rs.1781-4-0 was adjusted towards interest and recommends that no interest may be charged for both the loans and that previous adjust-

ment

only.

So far as the General Huzrai funds are concerned, the amount advanced to the institution is out of the interest earnings and so the loan is made free of interest. From the trend of correspondence that led to the present grant of the loan it may be inferred that the loan was sanctioned free of interest though it was not - readily ascertainable from the Government order sanctioning the loan.

The loan granted from the funds of the Sivaramajnagar temple were also free of interest but, it would not be fair to -- cast the same condition of the Deputy Commissioner to excuse the institution as the Sivaramajnagar temple will be deprived of a considerable amount which it would get if the amount were deposited in the Savings Bank.

The interest on the loan of s.Rs 73 at 5% works to Rs. s.3 7/-. The reserve might therefore be reduced by this sum for the purpose of Rs.1000/- allowing 10 to establishment on the amount of the reserve may be added to the scale or if it is thought that the reserve will also similarly be reduced, the repayment of the loan may be spread over a period of 25 years and the present - charge of s.Rs 1- -0 be retained in the scale. The Golaka collections also should be on the average of the past three years with an increase in its which as it has recently formed out that the observed therein was far short of the actual ---- pilferings practised by some of the temple servants. Steps have been taken to prevent such pilferings but the source has already shown considerable improvement.

As the proposals now stand there is not sufficient margin of income over expenditure to meet unforeseen contingencies. The -- income of the institution may be increased by revising the scale of fees prescribed for some services as they are capable of increase very low. This aspect of the question will be investigated separately.

Provision for contribution towards establishment fund has not

sioner. He recommends that in view of the slender resources of the institution this contribution may be waived. But ----- Government in their latest order No.1825/Muz.157-29-4 dated 4th March 1930 have stated that contribution to this fund should not be waived from any institution even though it is working with a debit - balance and that steps should be taken to reduce the debit -- balance by improving the sources of income and reducing the expenditure where possible.

10 The contribution towards this fund amounts to about Rs.1400/-. As the reserve will be reduced still more if this amount is provided for in the scale I recommend that half this amount may kindly be waived till the loan of Rs.5000/- is --- discharged. Even in that case the reserve will be reduced to about Rs.930/-. Reduction of the debt to Chamarajnagar temple earlier may be considered after the financial position of the temple improves by the revision of seva fees etc., Till then the Chamarajnagar temple does not stand to lose as it gets -- interest on the loan regularly besides Rs.500/- for principal every year.

11 With the above modifications I recommend that the -- proposals of the Deputy Commissioner may kindly be sanctioned.

I have the honor to be,

Sir,

Your most obedient servant,

Muzrai Commissioner.

Letter No.H.155/A.C. dated 23rd May 1930 from the Deputy Commissioner, Mysore District to the Muzrai Commissioner in Mysore.

Subject:- Revision-scale of expenditure - Sri Srikanteswaraswamy temple - Nanjangud - proposals.

With reference to your letter No.C.796/29-30 dated 6th May 1930 requesting the submission of proposals for revising the scale of income and expenditure of the Sri Srikanteswaraswamy temple at Nanjangud, I have the honor to submit herewith proposals received from the Sub Division Officer, Nanjangud, and to state as follows:-

Income:-

2. The income of the Institution under all heads, as determined at the time of sanctioning the existing scale on 30th July 1919, was Rs.28,208/-. But the average annual income that the temple has actually realised under all heads during the last ten years is ----- Rs.34,057-11-0 resulting in an excess income of Rs.5849-11-0 over the income ~~xx~~ provided in the existing scale.

A comparative statement of the previous and the present income of the Institution is noted below for ready perusal:-

Items.	Average for the last 10 years.	Income provided in the existing scale.
1. Cash grant ..	20,127-11- 0	20,127-11- 0
2. Fees from sevas ..	2,637- 0- 0	363- 0- 0
3. Income from lands including Special endowments.	6,085- 8- 0	4, 50- 0- 0
4. Golaka ..	2,293- 0- 0	1,749- 0- 0
5. Cocoanut fees ..	351- 0- 0	147- 0- 0
6. Hudi ..	731- 0- 0	750- 0- 0
7. Interest on Govt promote	1- 3- 0	..
8. Shop tax ..	69- 0- 0	23- 0- 0
9. Chikka Kramanandent	..	93- 3- 0
10. Income from Thope	26- 0- 0	15- 0- 0
11. Tulabhadra ..	1,173- 0- 0	..
12. Enhanced gutta on Heggodahalli(included under Sl No.3.)		700- 0- 0
	34,057-11- 0	28,208- 0- 0

From the above statement it is seen that the increase in income is due to the receipt of enhanced gutta on lands, increased realizations of miscellaneous items, and the inclusion of the realizations on puduvat lands on the receipts head.

Thus it is seen that the ~~xxxx~~ average annual income of the Temple is Rs.34,057-11-0.

3. As against the above income, the following items of expend-

... proposed scale making necessary pro-
... the repayment of the loans sanctioned for instal-
... temple, and the loan amounts borrowed
... the Sri Prasannaswamy temple at Chamaraja-
... comparative statement of the present and the proposed
... is as below :-

	Present Expenditure.	Proposed Expenditure.
1. ...	11,751- 0- 0	11,751- 0- 0
...	1 ,6 - 0- 0	13,2 4- 0- 0
...	,480- 0- 0	2,091- 8- 0
... (Original ...	1,500 - 0-	1,500- 0- 0
...) ... ...

already adjusted may kindly be treated as a setoff towards the part payment of the loan. The balance of Rs.6715-12-0 and Rs.4373/- sanctioned during November 1927 will be adjusted within a period of 11 years as a sum of Rs.1000/- has been provided in the scale towards the ---- repayment of both the loans. Another sum of Rs.1000/- has been provided in the sca repayment of Rs.5000/- sanctioned fro. the --- General .u oan to the temple for installing Electric --- lights.

As suggested to you in connection with the attempt at theft from the Golaka, the replacement of the Barr Guard by a small contingent of olice sta f will be more advantageous in that the latter will be under the effective control of the Builder and the local olice Inspector, and any change in the staff that may be found to be necessary at any time, can be immediately effected by me. It is therefore proposed in the scale for the ntertainment of a olice staff consisting of a First Class Deffedar on Rs.24/- four Constables of the 1st Grade on Rs.15/- each, and 3 Constables of the 2nd Grade on Rs.14/- each, with a house rent of Rs.4/- for the Deffedar and Rs.5/- ~~each, with a house rent of Rs.4/- for the Daffedar and Rs.5~~/- each to the Constables. This proposal may kindly be sanctioned.

A

The institution has great demands on its resources, and it is absolutely necessary to make a reserve fund for meeting urgent and --- unforeseen charges. A sum of Rs.1691-3-0 has been provided as reserve as that is the maximum amount that could be spared after allowing all necessary items of ex enditu e.

4. Taking into consideration the heav expenditure of the institution, and its liability to contribute a heavy sum of Rs.2000/- annual towards the loan a ounts, and the fact that only the nominal sum of Rs.1691-3-0 has been provided towards the reserve fund, the institution is not in a position to contribute towards the Panchayat Establishment Fund. Govern ent may be kindly move to give this levy at least for a period of 5 years till the loan of Rs.5000/- sanctioned for installing Electric Lights, is repaid.

5. The proposals have been discussed with the Honorable Basis of the Sub Division Officer and they all gone allu ajee ful t e pro o sa.

6. I request that sanction of Government may kindly be obtained to the enclosed revised proposals submitted by the Sub-Division Officer.

The connected papers are submitted herewith.

"Yours"

Executive Engineer.

SIR,

With reference to your letter No.464/Muz.14 -29-3 dated 6th September 1930 calling for further information in the matter of fixing a revised scale in the Sri Srikanteswaraswami temple at Nanjangud, I Have the honor to forward herewith copy of letter No.K.1 5/ac. dated 10-4-1931 from the Deputy Commissioner, Mysore District, giving cover to the Sub Division Officer's report dated 18th April 1931 answering seriatum the points raised in our letter under reply-

2. Since the revision proposals were formulated in March 1930, there has been an increase of Rs.960/- in the income per annum as noted in the margin. But some allowance has to be made for the probable loss in the income under "Tulabhara" in view of Government Order No.1288-90/Muz.177-30-16 dated 5/8th December 1930 and in the result the gross income may be taken to be Rs.34058/- as originally estimated. From the Sub Division Officer's report it will be seen that the resources of the Institution have been tapped to the fullest extent possible and that no further improvement in its income can be thought of just now. Neither is it possible to reduce the expenditure under Nityakatle and Hetchukatle without seriously impairing the efficient conduct of services in the temple. The house-rent allowance for the proposed police guard of the temple is provided for on the analogy of similar rents sanctioned in favour of the Bare Guard in Government Order No.2336-8/Muz.357-28-2 dated 23rd April 1929. The scale has

Srikantamandiram rent	180-0-0
Interest on the endowment of Lokaseva Niratha Mr.A.Anniah Pandit.	280-0-0
Gutta of Tandya lands.	500-0-0

sca e has therefore to be balanced with the
temple, providing for all necessary items of expenditure a
the repayment of loans. A comparative statement of the previ
the present income together with a statement showing the existi
the proposed items of expenditure is submitted herewith.

3. In connection with this, I beg to state that no provision for
nent of leave allowances and contribution towards pension and ---
thing charges on behalf of the proposed police guard has been made
the scale. Such charges on behalf of the present Barr Guard have
n waived under the authority of your letter No.270/Muz.177-26-10 -
ed 17th August 1927 to the Chief Commandant, Mysore State Troops.
equest that sanction of Government to similarly waive the claim -
respect of the police guard may kindly be obtained.

4. Further, I beg to reiterate the recommendation made by my -
decessor as regards the waiving of interest on the loan advanced
n the General Muzrai Fund and of moiety of contribution to the -
rai Establishment Fund. For reasons already explained, the loan
anced from the General Muzrai Fund may be made free of interest
the loan advanced from the funds of the Chamarajanagara Temple --
be ordered to be repaid in yearly instalments of Rs.500/- each
n proportionate interest at 5% . As regards the contribution -
the Muzrai Establishment Fund, I beg to state that in their order
506-7/Muz.249-26-13 dated 29th September 1927 Government were -
ased to direct with reference to the Gumbuz at Seringapatam that
tribution to the Fund be temporarily fixed at 2½% i.e., half the
scribed rate, for a period of 3 years. In view of the circum-
nces explained above, I request that similar orders reducing the rate of Contribut and limiting the
iod to 3 years from 1931-32 may be kindly passed in this case -
. If this proposal is sanctioned the reduced contribution --
from the reserve which will be
be correspondingly reduced.

5. Subject to the above modifications I beg that the scale
now proposed may be sanctioned with effect from 1st July 1931.

I have the honor to be,

SIR,

In reply to your letter No.344/Muz. 144-29-5 dated the 28/29th August 1931, proposing the replacement of the existing (Military) Guard on the Sri Srikanteswaraswami Temple by a Police Guard and offering certain terms, I have the honor to state that the offer of the terms proposed Viz. 1st grade Daffedars' pay with 4 constables of the I Class (Rs.15/-) and 3 of the 2nd Class with, in additi Local Allowance of Rs.4/- to the Daffedar and Rs.30/- to constables is likely to make a very invidious distinction between the Police staff employed on this Guard duty and those employed on ordinary police duty in Nanjangud, a distinction which would be emphasized by the more ~~odrucus~~ arduous nature of the duties to be performed by the ordinary Police staff. While not being averse to the grant of any allowances which would increase the pay of the constabulary, I yet think that the distribut of these allowances should be even. It would scarcely do, I think, to grant Local Allowance to the men on guard duty at Nanjangud and deny the same allowance to other constables stationed in the same place, whatever the source of the paymen may be.

2. Further, I consider that ~~the~~ any police deputed for this guard duty at Nanjangud should not be specialised and set apart for guard duty alone but should form part and parcel of the ordinary station staff. To allow men to remain constantly on one kind of duty leads to stagnation: it would be better to let the whole staff, increased to meet the requirements of the guard, perf

this duty by rotation. This would require the pay of the constables be incremental and not fixed.

I have the honor to be,
Sir,
Your most obedient servant,

INSPECTOR GENERAL OF POLICE

OFFICE OF THE MUZRAI COMMISSIONER

Secretary to Government of His Highness
the Maharaja of Mysore,
Law Department.

SIR,

[illegible] enf [illegible] only the [illegible] in connection [illegible] Government [illegible]

apparently free of interest, as the order directs that arrangeme
should be made for the punctual repayment of this and the other loan
vide also para 4 of this office letter dated 3rd October 1927). ---
A recommendation to reduce the annual instalment to Rs.500/- was made
in para 3 of this office letter dated 9th August 1951. As the ---
interest charged in the loan, viz., 6½% is considered heavy, it was
also made to be reduced to 6%. Neither the reduction of the annual
instalment nor the rate of interest will adversely affect the ---
financial position of the creditor institution, since according to the
sanctioned scale of expenditure (vide Government order No.454-C/Fin. -
11-37-2 dated 23rd August 1938) the annual surplus of the temple is -
Rs.1650/-. Since the last revision, further investments have been ---
to the tune of Rs.10,000 and this brings in additional interest of
Rs.500/- per year.

(5) No concession seems to have been shown regarding the payment
of contribution towards the Inspection Establishment Fund except in the -
case of the Subramaniaswami Temple at Tiruchendur. But the concession is urgently
called for in this case in view of its very slender margin of reserve and ---
particularly as the income of Rs.600/- expected to be realized by -- [illegible]
passing out the Tonsure Tank rod is not likely to accrue for reasons -
explained in this office letter C.No.243/51-53 dated 13th September 1951.

With the above explanation I resubmit the matter for early
orders of Government.

I have the honor to be,

Government Order No. 379-81—Muz 579-18-2, dated the 30th July 1919, sanctioning a revised scale of expenditure for use in the Sri Srikanteswaraswami Temple at Nanjangud

2. Correspondence ending with letter No. C. 976—29-30, dated the 29th September 1931, from the Muzrai Commissioner in Mysore, in the matter of fixing a revised scale of income and expenditure for the Sri Srikanteswaraswami Temple at Nanjangud.

3. Un-official Note No. 796—29-30, dated the 23rd January 1932, from the same officer, submitting revised statements of income and expenditure amounting to Rs 34,000 and Rs. 33,600 per annum, respectively, leaving a sum of Rs. 400 as reserve and requesting that as the margin of reserve is very narrow it may be raised to Rs. 1,250 by waiving half the prescribed contribution to the Muzrai Establishment Fund, *viz.*, Rs. 850.

ORDER NO. 1659-60—MUZ. 144-29-9, DATED BANGALORE, THE 12TH MAY 1932.

Government are pleased to approve of all the proposals of the Muzrai Commissioner except the one in regard to the reduction of the contribution to the Establishment Fund by 50 per cent. The usual provision of Rs. 1,700 may be made on this account.

2. Pending improvement in the finances of the temple, the reserve should remain untouched and action taken to strengthen it as the indebtedness of the institution gets reduced.

3. The statements of income and expenditure of the temple, as finally approved, are appended to this order.

Government Order No. 379-81/Muz. 979-18-2 dated the 30th July 1919, sanctioning a revised scale of expenditure for use in the Sri Srikanteswaraswami Temple at Nanjanud.

2. Correspondence ending with letter No. C. 976/29-30, dated the 29th September 1931, from the Muzrai Commissioner in Mysore in the matter of fixing a revised scale of income and expenditure for the Sri Srikanteswaraswami temple at Nanjanud.

Unofficial Note No. 796/29-30, dated the 23rd January 1932 from the same officer, submitting revised statements of income and expenditure amounting to Rs. 24,000/- and Rs. 23,600 per annum respectively, leaving a sum of Rs. 400/- as reserve and requesting that as the margin of reserve is very narrow it may be raised to Rs.1,250/- by waiving half the prescribed contribution to the Muzrai Establishment Fund viz., Rs.850/-.

Order No. 1659-60/Muz 144-29-7

SIR,

With reference to G.O.No.1659-60/Mur.144-29-9 dated 12th May 1932 sanctioning a revised scale of income and expenditure for the Sri Srikanteswaraswami temple at Nanjangud, I have the honor to state that in the expenditure statement provision has been made for replacing the present Parr-guard by a Police guard but there is no (1) direction to the Chief Commandant, Mysore State Troops to withdraw the Parr-guard and the Inspector General of Police to depute the Police Guard. Besides there is (2) no direction that the payment of leave allowances and contribution towards pension and clothing charges on behalf of the Police guard have been waived, as recommended. In the absence of specific orders, the Comptroller to Government is likely to demand the payment of these charges. I request that specific orders of Government may kindly be communicated to me and the other officers concerned on these points.

I have the honor to be,

Sir,

Your most obedient servant,

Sir,

With reference to your letter No.13/Muz.dated the 2nd/3rd July 1932, I have the honour to state that the concluding paragraph of my letter No.G.C.174/31 dated 25th September 1931, shows why I consider it necessary that the pay of constables to be deputed for Guard Duty in Sri Srikanteswaraswami temple at Nanjangud should be on the incremental and not on a fixed scale. As stated therein, the additional men required for this guard should form part and parcel of the Nanjangud Station staff and not be specially set apart for Guard Duty alone. It is assumed that the Police Guard will be, more or less of a permanent nature; consequently the constables added to the Station staff on its account must be accorded the same terms of pay as the other constables forming part of the same Station staff. It is intended to have an incremental scale of pay for all constables starting, hereafter, on a basic pay of Rs.15/- and all constables attached to the Nanjangud Station should partake of the benefit of such scale in common with the general body of the constabulary throughout the State. I do not think, therefore, that any differentiation in the case of the constables added to the force on account of the Sri Srikanteswaraswami temple Guard should, or can justly, be introduced. To adopt such a step would mean since, as assumed, the guard is to be of a permanent nature - that periodical revisions of the amount due from the temple Funds would have to be made as the cost of the guard increases owing to the increases in the actual pay of the constables

P.T.O.

composing it. Moreover, as it is proposed to raise the minimum pay of constables at an early date to Rs.15/- the cost of the Guard should be calculated on this basis for all the constables composing it and be subject to revision when the average pay of the constabulary has been calculated for the incremental scale to be introduced. The temple is common with the other institutions securing the services of the Police, I consider, should pay the actual cost of the services rendered and not some theoritical sum below that cost.

2) For the present, the average pay of constables may be calculated at Rs.15/- though it will be slightly in excess of that sum. On this basis the cost of the guard is shown below;-

PAY.			
1 Daffedar ...	Rs.21 x 12		Rs. 252
7 Constables (15 x 7)	105 x 12		1,260
			1,512
EQUIPMENT AND CLOTHING.			
1 Daffedar	Rs.11-2-0		
7 Constables Rs.6-9-4 x 7	46-9-4		
	57-11-4	or	58
		TOTAL	1,570 per annum

I have the honour to be,

Sir,

Your most obedient servant,

INSPECTOR GENERAL OF POLICE.
